

Section VI. FSC Code of Conduct Policy And Disciplinary Action Procedure

Fishers Soccer Club (FSC) Code of Conduct for **Players, Parents, Coaches, Team Managers and Trainers**

Two Primary Goals of FSC are:

1. To develop and maintain a youth soccer club that encourages physical and mental growth while emphasizing good citizenship.
2. To nurture good sportsmanship and sense of fair play in a competitive environment.

FSC Code of Conduct:

I hereby pledge to support the goals stated above. I will encourage good sportsmanship by demonstrating positive support and respect for all participants, coaches, officials (including their calls during the games), Board Members, staff and opposing teams at all times. I will refrain from any negative, threatening, vulgar, or inappropriate language/behavior while participating in, or watching, any club sponsored game/practice/event. I will respect the fact that FSC is structured for children/young adults and will not engage in any personal conduct that is inappropriate given that context.

I will acquaint myself with club rules and support the coaching staff in regards to those rules. I will conduct myself in a calm, civilized manner when doing so. I understand that FSC will not tolerate abuse of this Code of Conduct. I pledge to abide by these underlying FSC principles: the players shall play, the coaches shall coach, the officials shall referee, and the spectators shall be spectators. I will recognize that the FSC Code of Conduct Policy was developed in recognition of the Indiana Youth Soccer (IYS) conduct guidelines, and, by participating in FSC, a member club, I will agree to abide by the spirit of the IYS guidelines. I will also recognize that FSC is a member league of the SPORTS organization, and thus, I understand that the SPORTS Code of Conduct provisions therefore apply to individuals associated with FSC.

I understand that all complaints regarding alleged Code of Conduct violations by FSC players, parents, coaches, team managers and trainers must be reported to the FSC Disciplinary Committee via the Code of Conduct complaint link on the FSC website. I understand that if the Disciplinary Committee finds that this Code of Conduct has been violated, FSC shall have the authority to impose penalties that may include revoking privileges of attending FSC games/practices/events and eliminating participation in club activities.
